New Vienna, IA 52065

Dear Tim Hermsen:

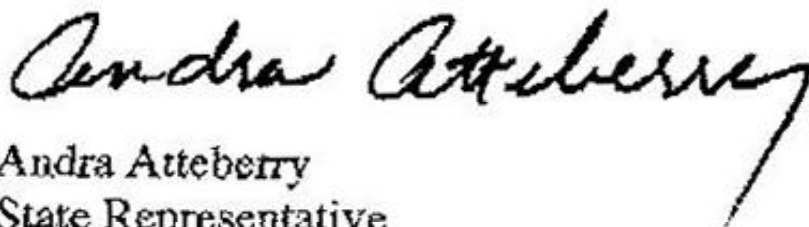

My husband and I just love our new borders. Even though we are the best gardeners, our lawn and flowers look so much neater and more attractive with the new stone look borders.

Another excellent benefit is that they are so much easier to mow around. We have no trimming. Wow! That's just super.

You all did such a great job. First, you came and listened to our ideas and then gave us some excellent suggestions. Then, you were here promptly on the day you said. I still can't believe how quickly you put the border around our home.

Your company is the kind of company that really cares about quality and about pleasing the customer.

Sincerely,

Andra Atteberry
