

June 12, 2003

Hello, my name is Kerry Knackstedt and I just had Border Magic edging installed in my yard today. I just wanted to commend Alex Victorov and the two people that work with him for a job well done today.

They were able to get our yard completely finished in one day because they worked very hard all day long. And, they cleaned up the yard before they left. My yard was left in very good condition when they left today also. I am extremely happy with the finished look. What an improvement it made on our yard! Now, I can't wait to get some mulch down to completely finish the look. Alex spent a good amount of time with me when he was doing the estimation for us. He took the time explaining the product and getting an idea of what we wanted in our yard. Then, he kept in contact with me by phone for setting up and actual installation date. He worked the installation around our schedule because we are leaving for vacation tomorrow (June 13th). I told him that I wanted it finished before we left, or to wait until we return. Alex called me yesterday (June 11th) and said that they could do it today, June 12th and that it would be finished by the end of the day. Well, he was right! He kept his promise!

We are so pleased with the look and the excellent work. Thank you to Alex Victorov and to Border Magic.

Sincerely,
Kerry & Vince Knackstedt
