

September 9, 2003

Thanks for the great job you guys did on Monday, September 8th. The area around the tree looks great and as before, I appreciate the clean up as well. I would have never known you were there. Thanks also for putting another coat on the existing border around the house. We have had many compliments and are always ready to give you and your company name and number out. Just wanted to say, "Thanks!"
